

Coaching Package Cancellation

Our mandate at PCC is long term athlete development and a commitment to work with our athletes to achieve your goals and objectives.

For us to deliver this mandate we only work with a limited number of athletes. On acceptance of your application we will give you priority, and subsequently may have to turn away other applicants.

This is part of our commitment to you in the hope that we can develop a long-term relationship. However, we understand that due to extenuating circumstances you may have to cancel your program. We just ask that you respect the commitment we made to you and do the following:

1. Please submit your cancellation request in writing 30 days in advance before ending your program.
2. Provide us with the reason for your cancellation.
3. Cancellation fee: you agree to pay an amount equal to one month (actual fee) of your program fee for administration costs, and time lost while we identify athletes to fill your spot.
